The mercury on Monday morning stood at zero.

There is to be a ball at the Court House on the 22d inst.

The dancing club adjourned on Monday night, until after the 22d.

Rev. J. James will preach at the M. E. Church to-morrow night.

The students of the Academy are preparing for an exhibition to be given soon.

The traveling has been very difficult during the week, owing to the mixture of mud and snow.

For Sale. One thousand shares in the Oregon REPUBLICAN, at \$2.00 each, until the first of March, 1872.

Frank Simpson, the Alsea mail carrier, reports streams all high and twelve inches of snow on the road.

Trees. F. K. Phoenix advertises trees of all kinds, for sale cheap. Notice his card in another column.

Communications are frequently received without the author's name. Don't do so; it's no use. You are just fooling away your time and paper.

La Creole Lodge No. 23, I. O. G. T., installed the following list of officers last Saturday night: Miss Mary A. Lee, WOT; Miss Sarah Shreve, WVT; J. D. Lee, WFS; C. M. Teal, WS; W. H. Teal, WC; John Teal, WM; Miss G. Shreve, WIG; A. Shreve, WOG.

Adopting the Esquimaux. We noticed, on Monday, several boys having rare sport with a couple of dogs hitched to a sled. They, however, carried their fun too far, and worried the dogs very much. Be careful, boys, in your sports and not abuse the faithful animals.

Johnny Whitley loaded his gun on Thursday to go out and kill a deer, when he concluded, to try the gun before going. He accordingly fired at a target, when the barrel burst, carrying away everything but a small portion of the stock. Fortunately he received no injury further than having his face pretty well peppered with powder.

A burglar attempted to enter the store of Mr. Robinson in Independence, last Monday night. He first tried to enter the door, but failing in this, he took off the patty from around one of the large window lights in the front, and took out half the glass. He took several boxes of cigars and one bottle of wine, when he was frightened away by some persons who were returning from a neighborhood party.

Rev. L. T. Woodward, P. E. for this district, was in attendance at the quarterly meeting at the M. E. Church last Saturday and Sunday. He also delivered an able discourse on Monday night. Rev. Mr. Sears of the M. E. Church South, was present, and participated in the exercises on Sunday night. It is gratifying to notice the friendly feeling being established between these two branches of the Church.

Mr. D. C. Hubbard, from Woodland, California, came here last Friday, and on Tuesday evening he and Miss Viola Burnett, of this place, were married by Rev. L. T. Woodward. They left on the stage Wednesday morning for their future home in California. We don't like to see men from other States come in here and take away our beauties, but cannot help it, and will let them go and wish them all sorts of good luck.

As a young man named Burson was coming from Halleck's mill with a load of lumber, drawn by two yoke of cattle, on last Wednesday, the bridge across the Rieral at Ellendale broke down, letting the team and wagon fall a distance of nearly thirty feet into the creek. The wagon was badly broken. One of the oxen, killed, another was hurt so that it can hardly recover, and the remaining two considerably injured. The young man jumped off as soon as he heard the bridge crack, and escaped uninjured. The bridge, we are told, has been condemned for sometime, but as there was no other convenient way to get to town from that direction, people kept crossing, feeling all the time that it was dangerous to do so.

Miss Clara Watt, from Salem, spent last Sabbath in Dallas.

Elder T. F. Campbell will preach at the Christian Church this evening and to-morrow.

Next Wednesday is St. Valentine's day. We expect the little "jokers" will be flying around quite lively.

A goodly number of strangers have been in town, during the past week, in attendance at the County Court.

We are informed that stock is suffering from the effects of the severe storms, and in many instances are getting quite poor.

Prof. Rutan failed to connect with his singing school here, on Wednesday and Thursday evenings. Probably owing to the bad state of the roads.

We are glad to welcome several new subscribers to the REPUBLICAN list during the week. Our terms are easy, and when patrons are plenty our burden is light.

Snow covered the ground all the fore part of the week, but the weather moderated about the middle of the week, and now we have the music and the old fashioned patter, patter of the rain.

G. B. Stiles has on hand all kinds of fresh garden seeds. He has also received a fresh supply of goods, and is still making new additions to his already well selected stock. Call and see him.

County Court has been in session during the greater part of this week. Considerable business was done by way of appointing Highway Commissioners, etc. We have not had time to get the proceedings, but will publish them next week.

It will be inferred from the published list of officers choosing the Good Templars at their last meeting, that they are in favor of woman's rights. For two leading offices being filled by women. The ladies are good looking, and no doubt both offices will be gracefully filled.

Fire. A house belonging to Perry Smith, situated about two miles from town, and which has for a few months past been occupied by Wm. Kersey, took fire on Thursday evening, and burned down. The family were absent at the time, on a visit to a neighbor. Everything was consumed. We understand the loss sustained by Mr. Kersey will be pretty heavy, as he was only occupying the house temporarily, and most of his effects were in it. We have been unable to learn the full extent of his loss, or the value of the house.

One of our young men in town has a room whose door is close to the sidewalk, near enough so that persons passing can reach the door. It has been a custom with some of the young people in going to give a rap on the door and pass along. Last Thursday night the young man closed the door so that the slightest touch would open it. After the exercises at the Court House were over, the young man was sitting in his room reading, when he heard the tread of persons on the sidewalk. A young lady of the party, for mischief, rapped upon the door, when it immediately opened and she, losing her balance at the same time, went into the room on her hands. The moral—well we'll wait and see what it will be.

The Latest Triumph of Temperance. We congratulate the Temperance world on the success which seems everywhere attending the use of Vinegar Bitters. It establishes the fact, long contended for by Temperance physicians, that nothing which intoxicates is ever beneficial to the sick. Certainly no preparation containing alcohol has ever accomplished such cures of malarious fever, biliousness, dyspepsia, rheumatism, lung complaint, constipation, and general debility, as we hear of from all quarters, as the result of this famous vegetable specific. No true philanthropist will regret to see spirituous liquors expelled from medicine, if they can be safely dispensed with, and that they are not beneficial in any case of sickness, whatever its character, appears to have been demonstrated at last. If public opinion is capable of making any impression upon the minds of the Faculty, they will ere long introduce the most popular of modern medicines into the hospitals, and prescribe it in their practice. The millions have given the article a fair trial; it has more than answered their expectations, and no theoretical opinion can shake their faith in it.

BORN.

On Saturday, Feb. 2d, to the wife of Dr. J. C. Grubbs—a son.

On Tuesday, February 6th, to the wife of Chas. McDonald—a daughter.

TO ALL WHOM IT MAY CONCERN.

DR. J. P. VAN DEN BERGH WOULD respectfully inform his friends and the public generally, that he has concluded to remove his office, on the 8th of February, 1872, from Salem to Eugene City, Oregon. Until further notice all of those wanting any further treatment can find me after said date at the above-named city. All those having claims against me will present them at once for settlement, and all those indebted to me will do me a great favor in settling their amounts forthwith. I would thank my friends and the public generally for their liberal and kind treatment I have received during my five months' practice in Salem.
DR. J. P. VAN DEN BERGH.
Salem, Oregon, Jan. 26th, 1872 48ml

The City Door Stone has long been Headquarters for the State of THIEF'S CLOTHING BOOTS, of which I have Exclusive Sale. Parties are cautioned to examine and find my name on them, as the country is flooded with a Rotten Boot, in imitation of the genuine article. Every pair of Thiel's Boots sold at my establishment is guaranteed to give perfect satisfaction.

Remember that the above house sells no buff or split goods. No shoddy palmed off upon its customers for a superior article of French Cloth. All rips, returned in a reasonable time, repaired free of charge.
J. W. GILBERT, Salem.

Persons prematurely gray can have their hair restored to its youthful beauty, by using Hall's Vegetable Sicilian Hair Renewer, the best article in the market.

Telegraphic Summary.

News from London, are to the effect that Chief Justice Cockburn, one of the Arbitrators on the Alabama claims, will withdraw, and the Government will repudiate the treaty.

It is said that the new play which has been introduced in Paris, "Ragadas," has some expressions of Imperialism, and the Bonapartes, and received immense applause. After the play crowds assembled in the Boulevards, some shouting "down with the Bonapartes," others "Vive l'Empire." A disturbance was feared, but the crowd dispersed.

Dispatches from London, state that the Chicago fire, has increased the emigration from there.

A company of 200 artillery, at Manila, on one of the Philippine Islands, rebelled and took possession of the fort. They were afterwards captured by the regulars and all killed.

Returns from London to Feb. 3.—announce that if the American cause is truly represented, all efforts at arbitration may as well cease.

A special to the World says Chief Justice Cockburn officially counseled the Cabinet that England must recede immediately from the Treaty of Washington, leaving America to decide between a new treaty or war.

S. H. Blakely, Treasurer of Santa Clara county, Cal., was robbed on the night of Feb. 2, of \$20,000.

New York, Feb. 5.—A letter from St. Petersburg says the course of Catechism met with the approval of his associates in the Foreign office. Secretary Fish is severely criticised.

A powder house belonging to the Miami Co. between Yellow Springs and Miami in Ohio, blew up Feb. 5th. Five men were killed and one wounded.

New York, Feb. 3.—John Bladden and E. Tomlinson, were arrested charged with frauds committed in London.

One hundred and nineteen deaths are reported in Philadelphia for the week ending Feb. 3d.

Rumors are afloat in Washington, to the effect that the English Press, has been made the vehicle of stock jobbing enterprises. Secretary Boutwell thinks the whole thing is a put up job.

The President stated yesterday demands of the English Government that the Confederate loan has been considered as a proper claim, conflicts with the Constitution, a suggestion which the President had hoped would be accepted by England for the United States to withdraw her claim of consequential damages was one which has been submitted to the Joint High Commission, at which time the American Government indicated its willingness to accept a gross sum in lieu of such demands, but the proposition was objected to.

Paris, Feb. 5.—Great interest is felt in the discussion of the Alabama claims, now going on in England, and the result is anxiously awaited.

Honorable Quier is now on the way to pay half a milliard of the German war indemnity, which is due on the first of May.

New York, Feb. 6.—A special London dispatch says the Times yesterday used the following language: "The treaty of Washington will become operative, for the reason that it is not based on a perfect understanding between the signatory parties. It is with the utmost reluctance that we contemplate the possibility that reference of this question to the arbitration of a Court will come to nothing. There will remain nothing of the expectation thus raised of a successful issue of the case. A satisfactory answer from Washington, excluding the American claim for indirect damages is expected. It cannot be expected that a misunderstanding thus established between the United States and us, can have any sequel but the abandonment of reference to arbitration."

The Republican Congressional Committee hold a caucus on Thursday night to make preparations for the approaching campaign.

San Francisco, Feb. 3d.—Mrs. Fair has been granted a new trial.

The Board of Health has decided to quarantine the Constitution two days. Meantime to isolate the father of the young man who died on the 30th ult. of small pox.

My FRIEND, stop that terrible cough, and thus avoid a consumptive's grave, by using Dr. Pierce's Golden Medical Discovery. For curing all throat, bronchial and lung diseases it has never been equaled. Sold by druggists.

THE BADGE RULE.

THE ENFORCEMENT OF THIS UNPOPULAR rule at the late Agricultural Fair, although a source of great annoyance to visitors and of vexation to Marshals, was not entirely barren of good results, especially to the people of this vicinity who are sagacious enough to profit by the facts developed. It seems that in ejecting parties violating the rule, the Marshals found great difficulty in some cases by reason of the clothing of the offenders giving way, while others more roughly handled were removed from the ground without the least injury to their clothing. This mystery was solved by the Marshals when they found on investigation, that the clothing which stood firm under the sturdy grip of the officers was purchased (with the exception of one velvet suit) at the store of Murphy & Cronan, in the bank building, corner of State and Commercial st., Salem, where a good supply of the same kind of clothing is always on hand, together with a full assortment of fashionable hats and gents' furnishing goods. 53d.

CHOLERA.

HOW TO CURE IT.

At the commencement of the Diarrhoea, which always precedes an attack of the Cholera, take a teaspoonful of Pain Killer in sugar and water, (not if convenient,) and then bathe freely the stomach and bowels with the Pain Killer. Should the diarrhoea or cramps continue repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as a remedy, has no equal. It cures Cholera, Summer Complaints, Dyspepsia, Diarrhoea, Asthma it cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle. The Pain Killer is sold by all dealers in Medicine.

Prices, 25 cents, 50 cents and \$1 per bottle.

Sinking Slowly.

Diseases that progress rapidly to a crisis are not the only ones to be dreaded. Canker or dry rot does not blast a tree as suddenly as a stroke of lightning, but unless arrested it destroys it as certainly; and in like manner chronic debility, although it does not kill with the swiftness of yellow fever, is sure to sap the springs of life eventually as any acute disease, if not checked by invigorating medication. There is something inexpressibly touching in the spectacle of premature decay. Langour, pallor, emaciation, depression of spirits, and a distaste for exertion, are its ordinary symptoms, and they should be promptly met by tonic treatment. The best invigorant and exhilarant that can be administered in a case of this kind is Hostetter's Stomach Bitters. The stimulating principle of the preparation rouses the dormant energies of the system, and the strengthening and regulating properties give a permanent and healthful impulse to the vital forces thus brought into play. The failing appetite is re-awakened, the process of digestion and assimilation are quickened, the quality of the blood is improved, the secretions become more natural, and every organ that contributes to the nourishment of the body undergoes salutary change. By these means the repair of the physical structure is effected and its health and vigor restored. In no class of diseases has the beneficial operation of the Bitters been more marked and striking than in those characterized by general debility and nervous prostration. Ladies affected with these ailments find in this most wholesome of all tonics and correctives the safest and surest means of relief. It is strong to restore and powerless to injure. Such is the uniform testimony of "clouds of witnesses."

TREES! Plants! SEEDS!

Fruit, Garden, Flower, Shade, Herbs, Green.
Apple and crab, 100, 2 to 4 ft. \$4; 4 to 6 ft. \$5 00
Pear, Std Extra, 1 1/2 Bartlett, &c. 3 to 4 ft.

Bring on your Eggs and Butter.

3-1f

Perhaps those that have experience can tell, and perhaps it would be to your interest to ask someone that knows, where the Rich and Rare Dress Goods, those Ladies' Hats that are the fashion—direct from Mrs. C. Levy's—those Elegant Sets of Ladies' Furs, and those New Style Shirts that appeared to such advantage over those High Laced Ladies' Boots, manufactured at Protzman, Donovan & Gillham's, Portland, Oregon, of all of which you had such a lavish display by the Polk County ladies at the Oregon State Fair. Or perhaps, gentlemen, you would like to call and examine for yourselves those Elegant Fitting Suits of Gents' Clothing, while I show you a Fine Assortment of Gents' Furnishing Goods. And when it comes to Yankee Notions, Fancy Goods, Jewelry, Fine Tobaccos and Cigars, Groceries of all Descriptions—last named strictly at Portland prices—my customers bear witness of the Excellence and Cheapness.

ALSO.

Sole Agent for Polk County for the Boot and Shoe Manufacture of Portland, Oregon, the excellent quality of whose goods are creating such an excitement all over the State and Pacific Territories. Trade increasing every day at La Ciede (formerly Cluff's Store).

M. M. ELLIS, Proprietor.

NEW ADVERTISEMENTS.

HAIR RENEWER.

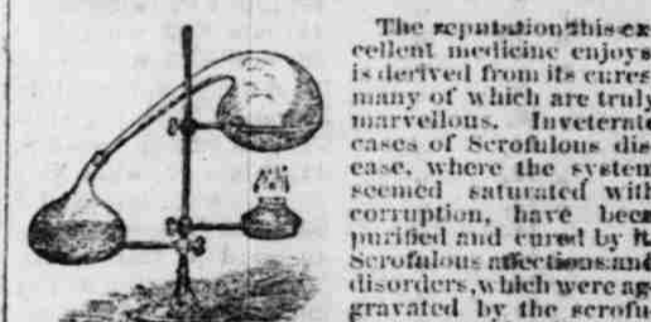

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY or FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes." Sold by all Druggists, and Dealers in Medicines. Price One Dollar.

Buckingham's Dye FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

Manufactured by R. P. HALL & CO., NASHUA, N.H.

Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Incurable cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until cured in many cases in almost every section of the country, that the public scarcely need to be informed of its virtues or uses. Scrofulous poison is one of the most destructive enemies of our race. Often, this virus and unfit tenant of the organism undermines the constitution, and induces the attack of various fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be silently deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions of the skin, or fastidious eruptions on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla: It is St. Anthony's Fire, Rose or Erysipelas, Piles, Salt Rheum, Scald Head, Ringworms, Sores, Eczema, Scrofulous eruptions, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Diarrhoea, Heart Disease, Female Pimples, and the various Uterine affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurotic Diseases are cured by it, though it is not a specific for rubbing these elements out of the system. But long continued use of this
